

# Hidurax

**HIGH DURABILITY & OEM QUALITY  
MADE IN JAPAN**

• **Heavy Duty Vehicles Plate**  
for wet-type brakes used for folk lifts, excavators, wheel loaders, dump trucks, motor graders, dozers, agricultural and large buses.

• **Clutch Plate**  
With high-quality steel material and surface treatment, we assure durability and propose the most suitable specification for friction material.

• **Clutch Disk**  
Used for wet-type clutch of AT, CVT and Transfers. We select and propose a friction material from among various self-developed materials to meet our customers' needs.
