CORE BUSINESS

- Friction & Steel Discs
- Duo-Cone Seal Groups
- Seal Kits
- Bearings
- Dry Brake Pads, Calipers & Boosters
- Supporting Components

Friction Product Expertise:
Deep technical knowledge in high-performance brake and transmission friction materials.

Reliable Product Sourcing & Supply:
Strong global and local supplier relationships that allow to consistently stock quality products.

Application Knowledge & Technical Support:
Ability to advise on fitment, performance, and troubleshooting across major equipment brands.

Rapid Response & Delivery:
Efficient logistics and inventory management ensuring fast turnaround, minimising downtime.

Customer-Centric Service:
Strong focus on building trust through quick communication, problem-solving, and delivering value.

Product Kitting & Custom Solutions:
Ability to offer complete kits that save customers time and reduce procurement complexity.

INDUSTRIAL BRAKE & FRICTION SUPPLY

KOMATSU 785-7 TRANSMISSION

TRANSMISSION

561-15-05521*	1	OEM Transmission Service Kit K3
561-15-05530*	1	OEM Transmission Control Valve Kit K4
561-15-32570	12	OEM Thrust Washer
561-15-42560	16	OEM Thrust Washer
569-15-32580	16	OEM Thrust Washer
569-15-52930	14	Carbon Composite Friction Disc
561-15-52941	4	Steel Plate
561-15-52961	7	Steel Plate
562-15-22890	10	Carbon Composite Friction Disc
561-15-52951	10	Steel Plate
561-15-52931	3	Steel Plate
561-15-52811	4	Carbon Composite Friction Disc
562-15-22870	5	Carbon Composite Friction Disc
562-15-22820	5	Steel Plate
561-15-59110	1	OEM Seal Ring
569-15-39250	1	OEM Seal Ring
19M-13-21370	2	OEM Seal Ring
515-50-11731	2	OEM Head - Transmission Mount
569-14-41130	2	OEM Cushion - Transmission Mount
07332-11400	1	OEM Coupling
07332-12000	2	OEM Coupling

TORQUE CONVERTER

561-13-05030*	1	OEM Torque converter service kit K1
561-13-05031*		as above (includes 2 x 19M-13-21370)
561-13-05040	1	OEM Torque converter Control Valve K2
195-15-32710	3	Bronze Friction Disc
281-15-12720	2	Steel Plate
